THE ARTIST

My Philosophy

Makeup, to me, is never about masking — it's about **revealing**. I believe in skin-first artistry: radiant, real and timeless, so you look like the most elevated version of yourself.

Over the last **10 years** I've created **1,500+** **makeups** across **23+** **destinations**, trusted by some of the most esteemed clients.

Now, I'm sharing it all — so you can master the same craft.
